3. The IG met on 23 October to discuss proposals for:

5. The SIG met yesterday (Henry Rowen in attendance) and agreed to send a high-level delegation to Europe to convey U.S. concerns over the Yamal pipeline and to suggest energy alternatives, as promised by the President in Ottawa. Meanwhile, a separate group will travel to Nigeria in an effort to stimulate the development of that country's LNG resources as a potential alternative source for Europe. 6. The IG met on 20 and 22 October to formulate recommendations to the President should a second attempt be made to shoot down a U.S. SR-71 reconnaissance aircraft.
